

The diagram illustrates a door lock system. A door frame is shown with a lock mechanism at the top. A label "Schloss 617393" points to the lock. A light bulb is connected to the lock mechanism via a dashed line, indicating it is part of the system. A label "erforderliches Zubehör: - 617378 Taster/Handsender-Set" points to the light bulb. A label "geschlossen" with an arrow points to the door, indicating it is closed.

Auf Innenseite wird ein kabelgebundener Notschalter empfohlen!
Bei Stromausfall öffnet das Schloss automatisch.
